Prepare Fabric

For the Dark Red and Light Red 2-7/8-inch squares, cut each once on the diagonal to yield 4 triangles of each color. You will only need 3 triangles of each color for the block.

For the White 3-inch squares, on the wrong side mark one line across the diagonal. For the White 6-7/8-inch square, cut once on the diagonal to yield 2 triangles.

Assemble the Block

Make 4 half-square triangle units. Pair each 3-inch square of Dark Red and Light Red with a 3-inch square of the White fabric. With right sides together, sew a scant 1/4-inch along either side of the marked line on the back of the White fabric. Cut along the line and press the half-square triangles open. Carefully square these up to 2-1/2 inches square with the seam along the diagonal line. This will yield 4 half-square triangles, 2 each with the Dark Red and Light Red.

Make 8 rectangle units. Using 8 each of the Dark and Light Red 2-1/2-inch squares, pair up 8 Dark/Light squares, right sides together. Sew along one side. Press open to yield 8 rectangle units.

Assemble block in quarters. Lay out all the units and remaining pieces as shown below.
